Tucker -- can you pls brief Heather on the details and give her the background info so we can draft a release?

I recommend sending out a release first thing tomorrow am. It won't get any pick up today with the Senate vote and it being so late in the day.

Thanks!

Subject: Re: Follow up

Secretary has OKed putting the release out tomorrow to catch the media cycle and include stakeholder quotes.

In the mean time, Vincent can you please send some information on what the big announcable is? I have some of the specs from Tucker and am waiting on the Ramaco rep to get back with me about stats, but I'm wondering what the big news hook is to communicate since the company announced it last month.

As I understand it we issued a permit but I haven't seen any information that clearly explains the process and how we expedited it.
